Dear Mr. Wilkinson,

I am attaching the original letter requiring the surety for this permit. The bond amounts calculated for a mine this size are: \$62,200.00 for a 3-year escalation; or \$64,400.00 for a 5-year escalation.

Here is the link from our website providing instructions on how to post a bond with the Division:

http://linux1.ogm.utah.gov/WebStuff/wwwroot/minerals/bonding_facts.html

Penny Berry is our bond coordinator. You can work with Penny to post your bond. Her phone number is: 801-538-5291 and her email is pennyberry@utah.gov

I will be issuing a Cessation Order (CO) for this mine today. The abatement instructions in the CO will require you to post a bond by a specific date. As we discussed on the phone, please have your operators cease all activities at the mine until such time that the bond is posted and a reclamation contract is signed.

Thank you for your cooperation.

—
